Art I Sweet Transported Cooled Semen Agreement

This agreement is entered into on the date recorded below by the duly qualified member of Erin Shapiro, know as "STALLION OWNER", Rick Cecil Quarter Horses, Inc. aka Cecil Breeding Farm, known as "STALLION MANAGER", and the "MARE OWNER" whose name or signature appears below.

All parties agree that they have executed a breeding contract to breed the mare named below to *Art I Sweet*, AQHA #3280530. In addition to the rights and duties placed upon all parties to the breeding contract, it is mutually agreed by all parties that good and sufficient consideration exists to execute this transported cooled semen agreement for the breeding season mentioned below.

All parties agree that every semen shipment to the MARE OWNER shall be at a cost of \$ 250.00. This cost must be paid in advance of the shipment of semen. VISA and Master Card are accepted. In addition, prior to first shipment of semen, all breeding fees must be paid in full.

1. The MARE OWNER certifies that STALLION MANAGER is obligated to transport cooled semen to the address of record, which has been provided in writing prior to any shipment by the MARE OWNER. If the MARE OWNER requests more than one shipment, the semen will be shipped to the last known address of record provided by the MARE OWNER to the STALLION MANAGER.
2. The mare owner certifies that the address of record for shipment is a suitable facility for the artificial insemination of the mare contracted to be bred. It is imperative that MARE OWNER's veterinarian be aware of mare's current breeding status and that she is, in fact, ready to breed. It is the STALLION MANAGER's stated preference that all semen shipments are made to and inseminations performed at established breeding farms. The mare owner certifies that only the mare that is the subject of the breeding contract shall be inseminated by the shipped semen of *Art I Sweet*.
3. A contract for cooled semen does not guarantee that semen will be available on the day you submit your request. Mares to be bred to *Art I Sweet* in residence at STALLION MANAGER's will be given priority for semen.
4. All requests for semen must be made one day prior to shipment.
5. Shipped semen may only be requested to ship on regularly scheduled breeding days at STALLION MANAGER's facility. Monday, Wednesday and Friday are breeding days. NO EXCEPTIONS.
6. Cooled semen bookings will be, by necessity, of limited availability if the stallion's book fills with mares to be bred on the premises of STALLION MANAGER.
7. STALLION MANAGER shall ship semen collected from *Art I Sweet* in an appropriate chilled semen container by an overnight courier, such as Federal Express, Airborne, UPS, etc. to the address of record provided in writing by the MARE OWNER on the day when the semen is collected. If semen is needed the same day via an airline, if available, MARE OWNER will be responsible for the additional charge of \$ 100.00 to counter to counter ship the semen. STALLION OWNER and STALLION MANAGER further certify that the semen, when collected, will be of such a degree of mobility and motility so as to reasonably be acceptable for breeding.
8. The MARE OWNER agrees to comply with all AQHA, APHA or other breed association requirements concerning the use and handling of Transported Cooled Semen. The MARE OWNER shall properly send the appropriate copies of the Collection/Insemination Certificate to their breed association and to the STALLION OWNER at the address appearing below.
9. The STALLION MANAGER may refuse to make repeated shippings of cooled semen if the semen as deemed by the STALLION MANAGER will not reasonably lead to the successful insemination of the mare as contracted.
10. All of the parties to this agreement agree that the obligations of performance by the STALLION OWNER and the STALLION MANAGER shall be met when the chilled semen shipment is accepted at the address of record as provided by the MARE OWNER. Acceptance shall be defined as the contract expedited parcel delivery carrier actually delivering the shipment container to the address of record and receiving a signature from a representative of the address of record on the shipment documents maintained during the ordinary course of business by the contract expedited parcel delivery carrier. All parties to this agreement agree that the risk of loss transfers to the MARE OWNER upon acceptance of delivery.
11. The STALLION OWNER and the MARE OWNER shall execute a "Transported Semen Breeders Certificate" and shall comply with any parentage verification as required by the American Quarter Horse Association, or their respective breed association.

This agreement is limited to the breeding season for the year of 2010.
